Professional Experience

Jan. 2016 – present: Radiology lab supervisor (x-ray diffraction, x-ray fluorescence, scanning electron microscope, electron microprobe analyses).

Education

2013 – 2016: Master in Mineralogy using GIS and RS, Al Albayt University, Jordan. (GPA 89.25%, ranked first in my class).

Thesis title: GIS and remote sensing as tools to detect ferromagnesian minerals: North-East Jordan (Case Study).

2006 – 2010: B.Sc. in Applied Geology and Environmental Science, Al Albayt University, Jordan. . (GPA 85.87%, ranked first in my class).

Honors and scholarships

2016: My thesis was partially funded by the Deanship of Academic Research at the University, (JD. 1000 = \$1400).

2006 – 2007: I received full reimbursement of tuition and fees. This is a merit-based scholarship given to the students with the highest GPA in the major.

2007 – 2010: Teachers' Union scholarship. This scholarship covers tuition and fees and pays a modest monthly stipend for dependents of teachers in Jordan. This scholarship overrides other scholarships provided by the University.
