

Dear Sir or Madam

Greetings.

I would like to thank you for taking the time to read my resume. I'm Mohammad Alsharo (محمد الشرع), an Associate Professor of Information Systems at Al-Albait University – Jordan with more than 10 years of experience in higher education. Currently, I'm the head of the Information Systems department; my responsibilities include curriculum development, classes' schedule, and student registration. In addition, I still have my teaching and research responsibilities. My teaching philosophy is learner-centered, where I motivate students to engage in open discussions and develop ideas that best match their needs. Research wise, I'm interested in a few Information Systems disciplines including virtual teams, diffusion of innovations, and health information systems. I have published several research articles detailed in the research section below, and I have over 100 citations so far.

On a personal level, I'm a self-motivated, hardworking, and team player person. My experience allows me to adapt to any new work environment. I always look for new places to contribute and expand my knowledge and experience.

I earned my PhD degree from the University of Colorado Denver, USA which is ranked 301-350 according to Times ranking. I earned my Master's degree from Jordan University of Science and Technology which is ranked 351-400.

Kindly review my attached resume for my education and experience details.

Sincerely,

Mohammad Alsharo

Resume

Personal Information

Name: Mohammad Khalid Alsharo
Date of Birth: 1983
Place of Birth: Jordan
Nationality: Jordanian.
Marital Status: Married
Contacts:
Abu Bakr Alsedeeq St, Ramtha (21410), Jordan.
Phone (Office): +962-2-6297000 Ext. 3367
Phone (Mobile): +962-79-973-6968

Education

- PhD in Computer Science and Information Systems, University of Colorado Denver, United States of America 2013.
- Master of Science in Computer Science, Jordan University of Science and Technology, , Jordan 2008.
- Bachelor of Science in Computer Science, Al Albayt University, Jordan 2005.
- General secondary school certificate, Ministry of Education, Jordan 2001.

Academic Experience

- Head of Information Systems Department, Al Albayt University
May 2019 – current
I'm currently the acting head of the Information Systems Department at the school of Information Technology – Al Albayt University. Along with pursuing research and teaching courses, I'm responsible for reviewing curriculums, preparing classes' schedule, overseeing students' registration, along with several administrative responsibilities.
- Associate Professor, Al Albayt University, Jordan.
September 2019 – current.
I was promoted to an associate professor in September of 2019 after fulfilling the promotion requirements mandated by Al-Albays University which include evaluating my research work by Information Systems Professors in American Universities.
- Assistant Professor, Al Albayt University, Jordan.
September 2013 – September 2019.

I was appointed as an assistant professor in the Information Systems department, school of Information Technology in 2013. My research focuses on Virtual Teams, Diffusion of Innovation, Social Computing, and Health Information Systems. While working on my research, I teach several courses including System Analysis and Design, E-Commerce, Website development, and Knowledge Management.

- Teaching and Research Assistant, University of Colorado Denver Business School, USA. September 2009 – May 2013

While pursuing my PhD in Computer Science and Information Systems, I worked as a teaching and research assistant at the University of Colorado Denver business school. I used to assist Prof. Dawn Gregg (see below for contact) with grading and helping students enrolled in the courses she used to teach. I also thought some undergraduate classes, mainly “Business Problem Solving” (ISMG2050).

- Nonresident lecturer, Computer Information Systems Department, Jordan University of Science and Technology (**JUST**), Jordan.

June 2008 – August 2008

Jordan University of Science and Technology (www.just.edu.jo) is one of most recognized universities in Jordan and worldwide. After completing the Master’s degree, I had a chance to teach undergraduate students a Web Design and Development course during the summer semester of 2008.

- Part time teaching assistant, Jordan University of Science and Technology (**JUST**), Jordan. February 2006 – May 2007

For three consecutive semesters I worked as a part time teaching assistant at the Computer Science department. My main responsibilities were to assist computer science department faculty in their classes and labs.

”Part of JUST financial assistance program for Master students with very good GPA”

- School Teacher, Jordan Ministry of Education.

February 2007 – June 2008

For 18 months, I worked as a computer science teacher at a public high school “Abu Tammam High School” in the city of Ramtha, Jordan. I used to teach eleventh and twelfth grade students basic programming and computer skills according to Jordan’s Ministry of Education curriculum.

- IT Coach, Alkhawarizmi International Collage, AlAin – UAE.

March 2005 – September 2005

For six months I worked for Alkhawarizmi Int. Collage at AlAin branch as an IT coach. My main responsibilities were to train short courses in ICDL, Java, and MS Project.

Professional Experience

- Manager, Online Exams Unit, Al Albayt Univresity.

September 2014 – September 2017.

Along with my research and teaching responsibilities, I was assigned to manage the online exams unit which schedules, oversees, and administers all online exams in Al Albayt University. Throughout the three years, I managed to submit new regulations which were approved by the council of deans, I expanded the number of online exams computers, and worked closely with the computer center to update the exam system to allow more subjects to be digitized.

- Director of Research and Development, Spirawn L.L.C, Amman – Jordan.

June/ 2008 – Aug/ 2009

Spirawn, an IT Solutions company based in Minnesota, USA and had a number of global offices. I used to work as a Director of Research and Development at Jordan's office. My main duties were to supervise the development team work and to maintain a connection between the clients and the company.

- Public Relations Executive, Middle East Gate Group (MEG), Amman – Jordan.

January/2006 – Feb/2007

Middle East Gate Group used to organize exhibitions and conferences in Jordan. My responsibilities at MEG varied from establishing relationships with new prospects, maintaining best relationships with current customers, and customer care. Also, I used to be part of the marketing and media campaigns which the company used to launch.

Courses and Training

- Applying for Erasmus+ programs. Princess Sumaya University, Amman, Jordan.
- Training sessions in IT Marketing and Sales principles, SPIRAWN Solutions, Amman – Jordan.
- Training sessions in Marketing and Sales principles, MEG, Amman – Jordan.
- MS Project, AlKhawarizmi Int. collage, UAE.
- Oracle9i Developer Course, AlKhawarizmi Int. collage, UAE.
- MCT (Microsoft Certified Trainer), AlKhawarizmi Int. collage, UAE.
- MCSA course, Microsoft Academy, AlYarmouk University, Irbed-Jordan.

Skills

- Excellent team player
- Self-learner and self-motivated
- Excellent Written and Verbal Communication Skills
- Excellent Personal Skills
- Leadership, problem solving, and conflict resolution skills
- Excellent Computer literature
- Data Analysis using Excel, SPSS, AMOS, and SmartPLS.
